

Comment on the proposed Standard for Fuel Parameters (Biodiesel)  
Commonwealth Position - August 2003

**Truck Industry Council**

---

The Truck Industry Council (TIC) representing truck and diesel engine manufacturers is pleased to comment on the Government preferred position on biodiesel. The TIC agrees with Government that:

- An international standard is appropriate
- Blends be limited to 5% biodiesel (B5)
- Dispensing facilities be labelled clearly showing the blend (B5)
