Selling fuel? Get what you pay for

If you don't see this guarantee on your delivery docket, you may not be getting the clean fuel you paid for - **and your customers need.**

Under the Australian Government's *Fuel Quality Standards Act 2000*, your distributor needs to stamp every docket to guarantee their fuel is up to scratch. If you don't see the guarantee - the risk is on you.

Keeping yourself covered is simple:

- Check your delivery docket
- Keep it with your records
- Contact your distributor if the docket is incomplete
