Restrictions on end uses and sales:

*Any QPS uses must meet the QPS definition in the *Ozone and Synthetic Greenhouse Gas Management Regulations 1995*. A copy of that definition can be found at website www.environment.gov.au/atmosphere/ozone/ods/methylbromide/index.html

**For methyl bromide imported after 2005, non-QPS sales and uses are only permitted for supply to authorised suppliers and/or use by holders of approved critical use exemptions. A list of the exemption holders and their authorised suppliers is available on the Department of the Environment, Water, Heritage and the Arts' website at www.environment.gov.au/atmosphere/ozone/ods/methylbromide/index.html, or by phoning the department's Ozone and Synthetic Gas Team on (02) 6275 9197.

***Feedstock sales are only permitted by authorised suppliers to holders of a feedstock permit. Authorised suppliers may only sell feedstock methyl bromide to purchasers who possess a permit granted by the department.
