Note

This document, *Newcastle Disease and Avian Influenza: Response to Test Results*, has been developed with the involvement and cooperation of a broad range of stakeholders, but the making of this document does not necessarily indicate the commitment of individual stakeholders to undertaking any specific actions. The attainment of objectives and the provision of funds may be subject to budgetary and other constraints affecting the parties involved. Proposed actions may be subject to modification over the life of the document due to changes in knowledge.

Newcastle Disease and Avian Influenza: Response to test Results

Both of these diseases are OIE listed disease agents and are notifiable in all Australian states and territories.

The nearest Regional Veterinary Officer (RVO) is to be immediately contacted by telephone from the outbreak property. If the RVO is not contactable, then telephone the Emergency Animal Disease Watch Hotline on 1800 675 888 (24 hours).
