Approved at family level (excluding CITES Appendix I and EPBC listed species)

Cycadaceae
Stangeriaceae
Zamiaceae

Approved at genus level (excluding CITES Appendix I and EPBC listed species)

Cereus
Euphorbia
Pachypodium
Pereskia

Approved at species level (CITES Appendix I listed species)

<i>Ceratozamia hildae</i>	<i>Encephalartos latifrons</i>
<i>Ceratozamia kuesteriana</i>	<i>Encephalartos laurentianus</i>
<i>Ceratozamia latifolia</i>	<i>Encephalartos lebomboensis</i>
<i>Ceratozamia matudae</i>	<i>Encephalartos lehmannii</i>
<i>Ceratozamia mexicana</i>	<i>Encephalartos longifolius</i>
<i>Ceratozamia microstobila</i>	<i>Encephalartos manikensis</i>
<i>Ceratozamia norstogii</i>	<i>Encephalartos msinganus</i>
<i>Ceratozamia plumosa</i>	<i>Encephalartos natalensis</i>
<i>Ceratozamia robusta</i>	<i>Encephalartos paucidentatus</i>
<i>Encephalartos altensteinii</i>	<i>Encephalartos poggei</i>
<i>Encephalartos arenarius</i>	<i>Encephalartos princeps</i>
<i>Encephalartos caffer</i>	<i>Encephalartos pterogonus</i>
<i>Encephalartos cupidus</i>	<i>Encephalartos sclavoi</i>
<i>Encephalartos cycadifolius</i>	<i>Encephalartos septentrionalis</i>
<i>Encephalartos eugene-maraisii</i>	<i>Encephalartos transvenosus</i>
<i>Encephalartos ferox</i>	<i>Encephalartos trispinosus</i>
<i>Encephalartos friderici-guilielmi</i>	<i>Encephalartos umbeluziensis</i>
<i>Encephalartos gratus</i>	<i>Encephalartos villosus</i>
<i>Encephalartos hildebrandtii</i>	<i>Encephalartos woodii</i>
<i>Encephalartos horridus</i>	<i>Mycrocycas calocoma</i>
<i>Encephalartos kisambo</i>	<i>Stangeria eriopus</i>
<i>Encephalartos lanatus</i>	

Approved at species level (EPBC Act listed species)

<i>Macrozamia lomandroides</i>	<i>Macrozamia pauli-guillelmi</i>
<i>Macrozamia macdonnellii</i>	<i>Macrozamia platyrhachis</i>

Special Conditions:

1. Under notification 2006/072 (Geneva, December 2006), the CITES Standing Committee recommended that all Parties suspend imports of all specimens of Cycadaceae, Stangeriaceae and Zamiaceae from Madagascar, Mozambique and Viet Nam.
2. Until such time as specimens of *Encephalartos tegulaneus* and *E. bubalinus* that have grown from wild harvested seeds have reproduced, you may not export any part of these plants or whole specimens of these species. Accordingly, if in the future, you wish to export any of these species, we will require from you evidence which demonstrates that these specimens have reproduced before they will be added to the list of species that Cycad International is approved to export.
