

7. Appendices

Appendix 1: List of taxa collected during NORFANZ voyage (39pp)

Appendix 2: Catch composition of all macro-invertebrates sampled during the NORFANZ voyage by station (32pp)

Appendix 3: Checklist of all macro-invertebrate taxa collected, upgraded according to information received up to December 22, 2004 (17pp)

Appendix 4: List of original Project CAAB-codes that were changed into new, final CAAB-codes including their identification history (10pp)

Appendix 5: Catch composition of all fishes sampled during the NORFANZ voyage by station (35pp)

Appendix 6: Checklist of all fish taxa collected, upgraded according to a list of 758 CSIRO-held specimens (CSIRO-regNo.) from 347 taxa, dated December 23, 2004, including the identification history (7pp)

Appendix 7: Photographic images of macro-invertebrates collected and treated as distinct OTUs on board during NORFANZ voyage (87pp)

Appendix 8: Photographic images of fishes collected treated as distinct OTUs on board during NORFANZ voyage (34pp)

Appendix 9: Selected photographic images of the seabed collected during NORFANZ voyage; typically a subset of 15 or 30 example images selected per station (23pp)

Appendix 10: NORFANZ Voyage Report (44pp)

Appendix 11: Scientific Publications (1p)

Appendix 12: Media usage and popular Publications (3pp)

Appendix 13: CoML AMSA Workshop: "what a Voyage of Discovery might look like" (4pp)

Appendix 14 New upgrades to the macro-invertebrate species since December 2004 (2&5pp)
