

# Daily Report of Interactions with Protected Species

## Step 1: Fill in the Date, Master & Vessel Record

Date	/	/	
Master's name		Master's CFL No.	
Phone No.		Address	
Vessel Name		LFB Number	

## Step 2: Fill in the Fishery and Fishing Gear Description

Fishery		Zone fished (if applicable)	
Netting method		Net type	
Mesh size range (mm)		Head rope length (m)	
Number of shots for day		Observer present	
Mitigation devices and/or techniques employed during shot			

## Step 3: For each shot, record the location, time, depth and catch for that shot. Then record under the observed interactions the number and life status of any interactions with any of the protected species.

Shot No.	Location		Time		Depth (m)	Catch (kg)	Observed Interactions												
	Latitude	Longitude	Start of shot	End of Shot			Seabirds			Cetaceans			Seals	Turtles					
							Dead	Alive	Injured	D	A	I	DA	DA	I
