

SUMMARY OF APPROVED MANAGEMENT MEASURES AND THEIR ESTIMATED IMPACT ON EACH OF THE SHARK FISHERIES

Management Measure	Tropical Fisheries		Temperate Fisheries	
	WANCSF	JANSF	JASDGLMF	WCDGDLMF
Restrictions to longline configuration (including the prohibition of wire trace) in temperate shark fisheries	S	S	M	M
Wire trace prohibition in all fisheries (except the tropical shark and mackerel fisheries)	S	S	M	M
Prohibition on longline use outside of shark fisheries	M	M	M	M
Maximum size for dusky sharks	M	M	S	M
Tightening of anti-filleting regulations	M	M	M	M
Commercial protection of sharks and rays	M	M	M	M
Increased penalties for taking commercially protected sharks and rays or contravention of anti-filleting regulations	M	M	M	M
Effort reduction in the WCDGDLMF	S	S	S	M
Effort reduction in the JASDGLMF	S	S	M	S
Effort reduction in the WANCSF	M	S	-	S
Effort reduction in the JANSF	S	M	-	S
Implementation of day based fishing	S	-	M	M
Implementation of VMS to measure time consumption and area closures	M	M	M	M
Spatial closure in the WANCSF	M	S	-	S
10% observer coverage in the WANCSF	M	S	-	S
Restrictions to gear configuration in the tropical shark fisheries	M	M	-	S
Closures between 16 August and 15 October west of Albany in the JASDGLMF and all of the WCDGDLMF	S	S	M	M
Prohibition on the use of hooks on demersal gillnets and on floats	M	M	M	M

M = Major Impact S = Secondary Impact - = No Impact
