Dear Secretariat,

The Cumberland Bird Observers Club Inc (CBOC) fully endorses the Birds Australia (BA) review of the EPBC Act.

The CBOC is composed of over 550 members, the majority of whom reside in the Sydney basin. Our members have great concern about Australia's biodiversity and therefore we fully endorse BA's submission.

Yours faithfully
A. J. (Tony) Dymond.

ex-President and current Committee member, CBOC Inc.
