Upload your pre-prepared submission here:

No file was uploaded

#### 2 Would you like to submit your uploaded file now or continue to the questionnaire?

No, I would like to continue to complete the questionnaire

### TOR 1: Examine the appropriateness of the regulation including whether it is necessary and well targeted

#### 3 Is there a significant likelihood of a substantial negative environmental impact from coal seam gas and large coal mining development on water resources in the absence of the water trigger legislation?

Yes

Please tell us why:

The Global history of negative environmental impacts CSG projects displays this

#### 4 Is the scope and focus of the legislation appropriate to the problem being addressed?

No

Please tell us why:

CSG mining should be prohibited- period

#### 5 Are there significant gaps in the scope or intent of the legislation?

Yes

Please tell us why:

Environmental laws have been lapsed for these projects. Political Corruption is determining the go-ahead of these projects

#### 6 Please upload additional information relating to TOR 1 if you wish

File upload:

No file was uploaded

### TOR 2: Effectiveness of the regulation in protecting water resources from the impacts of coal seam gas and large coal mining projects, including the role and scope of work given to the IESC

#### 7 In your opinion has the water trigger legislation been effective in protecting water resources potentially and actually affected by relevant developments?

No

Please tell us why::

#### 8 Please upload additional information relating to TOR 2 if you wish

File upload:

No file was uploaded

### TOR 3: Identify any opportunities to improve the effectiveness of the regulation

#### 9 Are there gaps in the scope of the legislation that reduce its effectiveness in protecting water resource from relevant developments?

Yes

Please tell us why:

**10 Are there opportunities to improve the clarity of the legislation? This could include responses concerning the definitions of actions which are covered by the legislation, and whether the approval conditions on those developments provide benefit in protecting water resources.**

Yes

**Please tell us what type/s of opportunities may improve the clarity of the legislation:**

**11 Are there improvements that could be made to the way in which advice is sought by the Australian Government from the Independent Expert Scientific Committee on Coal Seam Gas and Large Coal Mining Development (IESC) that could increase the efficiency of processes required as part of the water trigger?**

Yes

**Please tell us why:**

**12 Were stakeholders appropriately involved in the implementation of the water trigger legislation?**

Uncertain

**Please tell us why:**

**13 Please upload additional information relating to TOR 3 here if you wish**

**File upload:**

No file was uploaded

**TOR 4: Examine the efficiency of the regulation in protecting water resources from the impacts of coal seam gas and large coal mining projects**

**14 Have there been additional administrative compliance and delay costs arising from the water trigger that have affected business, community organisations and individuals?**

Yes

**Please tell us why:**

**15 Has the water trigger been beneficial in providing environmental outcomes, community confidence in the regulatory system of applying science to decision-making and management of environmental risk?**

No

**Please tell us why:**

**16 Has the water trigger delivered an overall benefit when regulatory costs are compared to the environmental and other benefits?**

No

**Tell us why:**

**17 Have there been additional administrative and other costs to governments arising from the implementation of the water trigger?**

Uncertain

**Tell us why:**

**Upload file:**

No file was uploaded

**TOR 5: Identify any opportunities to reduce or simplify the regulation whilst maintaining its effectiveness**

**18 Are there any opportunities to reduce or simplify the regulation whilst maintaining its effectiveness?**

Yes

**Please tell us more:**

**Upload file:**

No file was uploaded

## **TOR 6: Identify any recommended appropriate future review points of the regulation**

**19 Are there particular points in time, outside the statutory schedule for the review of the EPBC Act (reviewed every 10 years from commencement) that should be considered as review points for the water trigger?**

Uncertain

**Please tell us why:**

## **Personal information**

**20 What is your name?**

**First name:**

Elizabeth

**Last name:**

Crooks

**21 I wish to make this submission anonymously**

Not Answered

**22 Contact details**

**Email address:**

[REDACTED]

**Mailing address:**

**Postcode:**

[REDACTED]

**23 What is your organisation (if applicable)?**

**Organisation:**

**24 What has been your involvement with the Water Trigger legislation?**

I am a landowner not directly affected., I am a resident of a community where coal seam gas/large coal projects are imminent or current., I am interested because of my environmental concerns/I am responding on behalf of an environmental group.

**Please describe:**

**25 How did you hear about the water trigger review?**

Community organisation or peak body

**If other, how?:**

**26 Rate the following sources of information regarding the water trigger review.**

**rank - Department of the Environment website:**

Useful

**rank - Issues Paper:**

Useful

**27 Which of the following sources of information do you find useful for information on coal seam gas and coal mining?**

**Rate sources of information - Media:**

**Rate sources of information - Government:**

**Rate sources of information - Scientific and research bodies such as CSIRO and universities:**

**Rate sources of information - Information from community groups and peak bodies (eg websites, newsletters):**

Useful
