

# **Annex C – Energy performance league tables**

## Office – Tenant Light and Power

This table presents the performance of each agency that reported in the Office – Tenant Light and Power category. The performance is arranged in ascending order of the key indicator MJ/person highlighted in bold and for which a performance target of 10,000 MJ/person applies.

Small agencies (less than 100 staff) have limited opportunities to average their performance over a range of properties and therefore their energy performance is likely to be quite volatile.

Read this table in conjunction with agency comments in Annex B.
