

**Annex C – Energy performance league
tables**

Office – Tenant Light and Power

This table presents the performance of each agency that reported in the Office – Tenant Light and Power category. The performance is arranged in ascending order of the key indicator MJ/person highlighted in bold and for which a performance target of 10,000 MJ/person applies.

Small agencies (less than 100 staff) have limited opportunities to average their performance over a range of properties and therefore their energy performance is likely to be quite volatile.

This table should be read in conjunction with agency comments in Annex B.

Agency	Energy Use (GJ)	No. People	MJ/person	Area (m ²)	MJ/m ²
Christmas Island Administration	110	21	5,237	1,170	94
