

Annex C – Energy performance by end-use category

Office – Tenant Light and Power

This table presents the performance of each agency that reported under the Office – Tenant Light and Power end-use category. The performance is arranged in ascending order of the key energy intensity indicator – MJ/person/annum – highlighted in bold and for which a performance target of 10 000 MJ/person/annum applies for 2005-2006.

A performance target of 7 500 MJ/person/annum will apply to this category from 2006-2007.

Small agencies of less than 100 staff have limited opportunities to average their performance across their property portfolio; therefore their energy intensity performance is likely to be volatile.

Please read this table in conjunction with agency comments provided in Annex B.

Agency	Energy Use (GJ)	No. People	Area (m ²)	MJ/m ²	MJ/ person
National Capital Authority	274	73.8	1 776	154	3 715

Office – Central Services

This table presents the performance of each agency that reported under the Office – Central Services end-use category. The performance is arranged in ascending order of the key energy intensity indicator – MJ/m²/annum – highlighted in bold and for which a performance target of 500 MJ/m²/annum applies for 2005-2006.

A performance target of 400 MJ/m²/annum will apply to this category from 2006-2007.

Please read this table in conjunction with agency comments provided in Annex B.

Agency	Energy Use (GJ)	Area (m ²)	MJ/m ²
Australian Centre for International Agricultural Research	84.3	1 718	49.1

Other Uses

This table presents the performance of each agency that reported under the Other Uses end-use category. The performance is arranged in ascending order of energy consumption, measured in Gigajoules (GJ). Given the diversity of the category, no appropriate normalised energy performance indicator or energy performance target is applied to this category.

Please read this table in conjunction with agency comments provided in Annex B.

Agency	Energy Use (GJ)
Australian Antarctic Division	17.9
Property Group	146
Director of National Parks	195
Australian War Memorial	797
Jervis Bay Territory Administration	837
National Maritime Museum	1 314
Australian Customs Service	14 472
National Capital Authority	17 285
Australian Sports Commission	60 474
Australian Government Aggregate	95 537

Passenger Vehicles

This table presents the performance of each agency that reported under the Passenger Vehicles end-use category. The performance is arranged in ascending order of the key energy intensity indicator – MJ/km/annum – highlighted in bold. No energy intensity performance target applies to this category in 2005-2006.

Please read this table in conjunction with agency comments provided in Annex B.

Agency	Energy Use (GJ)	km	MJ/km	Approx Litres	Litres/100km

Other Transport

This table presents the performance of each agency that reported under the Other Transport end-use category. The performance is arranged in ascending order of energy consumption, measured in Gigajoules (GJ). No normalised energy performance indicator or energy performance target is applied to this category.

Please read this table in conjunction with agency comments provided in Annex B.

Agency	Energy Use (GJ)
Great Barrier Reef Marine Park Authority	38.9
Supervising Scientist Division	44.6
Australian War Memorial	52.2
National Library of Australia	57.3
Special Broadcasting Service	61.1
Royal Australian Mint	87.1
Governor General's Residences	246
Department of Parliamentary Services	500
Geoscience Australia	682
Australian Film, Television and Radio School	744
Australian Nuclear Science & Technology Organisation	966
Australian Sports Commission	1 601
Director of National Parks	1 886
Commonwealth Scientific and Industrial Research Organisation (CSIRO)	13 389
Australian Broadcasting Corporation	13 556
Australian Institute of Marine Science	15 437
Department of Defence	29 943
Australian Customs Service	134 334
Australian Antarctic Division	218 083
Australian Government Aggregate	431 708
